LIBRARY

**Mission:** The Des Moines University Library is both a virtual space and a physical place that actively serves and supports the University’s medical and health education programs.

**Vision:** The Des Moines University Library will be recognized as a valued and essential campus and community partner that serves as a repository of information resources while demonstrating excellent levels of support for the educational, research and service efforts of the University. We strive to have a positive impact through our support for teaching by the faculty and the education of the students at Des Moines University.
